Frozen Semen Only

2022 Breeding Contract

VS GOODRIDE

This certifies _____, here referred to as Mare Owner/Agent, has engaged one service to the stallion **VS GOODRIDE**, AQHA #5678650 for the mare _____

Reg # _____ for the 2022 breeding season. The mare owner agrees to pay a breeding fee of **\$2000**, which includes a **\$500 non-refundable** booking fee, any deviation from these terms must be specified in writing and signed by Charlie Cole or Jason Martin. All payments must be made payable to High Point Performance Horses (HPPH, Inc.) **Regardless of whether the breeding is through a service auction, donated or reduced breeding agreement, a \$500 non refundable booking fee is still applicable for all contracts.**

PLEASE NOTE: Frozen semen will be released one dose per cycle (8 straws)

(Initial Here) _____, with up to 2 doses per breeding. Additional frozen doses require additional fees of \$250 per additional dose.

Semen is stored at: Australia: Goulburn Valley Equine Hospital

PRE-BREEDING ARRANGEMENTS: The mare owner must provide the following to HPPH, Inc. when making a booking:

1. Copy of both sides of registration certificate, if breeding a thoroughbred mare, an AQHA assigned "T" number is mandatory for registration.
2. Completed Information Sheet
3. Signed breeding contract
4. Proof of current veterinary reproductive exam and normal uterine cytology and / or uterine culture.
5. All Applicable Fees:
 - I. The booking fee and stud fee must be paid in full before any frozen semen will be released.
 - II. Any incomplete registration certification or unpaid charges will result in a hold of the mare's name on the appropriate stallion breeding report.
 - III. Semen will not be shipped to any mare unless a current credit card number and expiration date is on file in HPPH, Inc. office or shipping prepaid with wire transfer.

Breeding Arrangements:

1. Frozen semen will be shipped from the facilities direct. Please check with the facility to confirm shipping days and costs of shipping.
2. Every effort will be made to accommodate your mare's breeding timeframe; however, it is the mare owner's responsibility to keep in touch with HPPH, Inc. so that your veterinarian and ours can get your mare in foal on a timely basis. Failure to adhere to these arrangements may result in missed heats and delayed shipments, at the mare owner's expense. A veterinarian knowledgeable in successful insemination techniques must oversee off site inseminations, in order to maximize the potential of a timely pregnancy.
3. Semen that is picked up from a facility will have a pickup fee and/or rental fee of tank. Mare owner is responsible to call ahead and find out these fees as semen will not be released unless appropriate fees have been paid.
4. If a mare dies or is deemed unfit to breed during the breeding season, a substitute mare, approved by the stallion owner, may be bred without any additional breeding fee.
5. The mare owner agrees to have the mare checked by ultrasound no later than 18 days after insemination. If ultrasound is unavailable, mare owner agrees to have the mare checked for pregnancy by licensed veterinarian within 30 days of insemination. Mare owner agrees to provide HPPH, Inc. with the results of the pregnancy exam no later than 30 days after insemination.
6. **Live foal guarantee:** A live foal is defined as one that will stand and nurse. If foal is born dead, mare owner agrees to furnish the stallion owner within 7 days a veterinarian's certificate describing the occurrence. In such a case return privileges will be available for one year only. Rebreds must pay the rebreed chute fee and any shipping/additional semen charges are applicable. If the mare aborts or fails to conceive, she may return during the current breeding season. If it becomes too late to rebreed a mare during the current season, she may be bred the following year ONLY, provided a rebreed chute fee of \$350 is paid and all relevant shipping charges. **If the mare owner fails to rebreed the mare the following year, then any and all fees become forfeited, the right to rebreed is cancelled and the stallion owner is released from all further obligation of this contract, unless otherwise agreed in writing and signed by both parties.**

Shipment Information for Frozen Semen:

1. It is mare owner's responsibility to check with the facility on ordering and shipping instructions.
2. It is the mare owner's responsibility to advise Highpoint Performance Horses of insemination date and breeding status no later than 30 days after being bred. This must be received in writing.
3. Mare will not be put on a stallion breeding report unless all fees have been paid in full, and a last breeding date has been provided. Any late breeding date notifications may result in additional fees to add to a breeding report late at mare owner's expense.
4. Mare owner must notify HPPH of any unused frozen semen straws in the possession of the mare owner.
